KELLERWILLIAMS Luxury

FAQS:

Q: How Do I Earn-In to KW Luxury?

An agent earns the KW Luxury designation after closing *4 or more transactions at their local luxury threshold within a 24-month period*. Regional leadership sets each threshold based on the top 10% of transactions in the county, and your MC leadership can confirm your specific number. You can also view the full list of thresholds here (linked).

Once an agent closes 4+ transactions at their local threshold, MC leadership is responsible for approving them in Command MC. Designation is automatic once that approval happens. Some Market Centers have enabled automatic approvals, in which case the designation triggers automatically once the agent hits the 4-transaction mark.

For more detail, see "*How Do I Earn Into KW Luxury.*"
