Buying or owning a home comes with enough surprises. A home warranty can help protect your budget from unexpected repair and replacement costs for many major home systems and appliances.
During your free consultation, an APHW Home Warranty Specialist will:
✅ Review available coverage options
✅Answer your questions in plain language
✅Help you choose the protection plan that best fits your home and budget
✅Explain what is covered and how the claims process works

Important: Please save APHW Home Warranty in your contacts at (517) 783-5124 so you don’t miss their call. Many calls from unfamiliar numbers can be blocked or flagged as spam.
