Quick Reference

Printable cheat sheet for the KW Command + Transact workflow

Print / Save PDF

The 5-Step Workflow

1. **Contact**
   Create or locate the client contact with complete info (name, email, phone).
2. **Opportunity**
   Create an opportunity, select transaction type, add property address and deal details.
3. **Documents**
   Upload or generate all required documents. Verify green checkmarks on every item.
4. **Sync**
   Click 'Sync to Transact' and confirm the 'Synced' badge. Verify data in Transact.
5. **Transact**
   Manage signatures, track deadlines, update milestones, and close the transaction.

Remember This

- Always search for existing contacts before creating new ones
- Double-check transaction type before saving an opportunity
- Name files clearly: 'LastName_DocType_Year.pdf'
- Verify sync status after every sync — check both Command and Transact
- Complete all required fields at the Opportunity stage for a smooth sync

Critical Deadline

DocuSign transition ends **July 14, 2026**. All agents must switch to Lone Wolf Transact before this date.

AGENTS SHOULD DOWNLOAD ALL DOCUMENTS PRIOR TO THE DEADLINE AND STORE THEM LOCALLY OR ON A CLOUD STORAGE OF YOUR CHOICE.
