30-60-90 PLAN

New or Non-Capping Agent

When developing your new team member's 30-60-90 plan, focus on what the goal is and how you will measure the team member's achievements. Identify targets for the team member that will facilitate success in the role and on your team. Feel free to consult the job description and KWConnect tools for ideas. Focus on SMART goals:

- **Specific:** Clearly define what you are going to do.
- **Measureable:** Establish concrete criteria for measuring progress toward the attainment of each goal you set.
- **Achievable:** Goals should be challenging but a match to the knowledge and skills of the employee.
- **Repeatable:** The action or goal can be completed on a repeated basis.
- **Timely:** A commitment to a deadline helps a team focus their efforts on urgent tasks first.

30-Day Goals

- Attend Ignite
- Enter goals into CGI Calculator
- Time block for lead generation daily
- 100% attendance to CGI calls and CGI huddle
- Database – create and organize
- Download Kelle
- Reach out to your database/offer your KW Mobile App
- Build and present listing presentation to Productivity Coach
- Develop and effectively communicate your value proposition
- Number of leads (this is a standard that you must determine)
- Conversion ratio (this is a standard that you must determine)

60-Day Goals

- Time block for lead generation daily
- 100% attendance to CGI calls and CGI huddle
- Create a system for lead follow up
- Hold 3-5 open houses for other associates, door knock, and immediately follow up with any contacts made
- Build and present buyer presentation to Productivity Coach
- Identify and establish a relationship with multiple vendors (mortgage lenders, title companies, etc.)
- Number of leads (this is a standard that you must determine for your team)
- Conversion ratio (this is a standard that you must determine for your team)

30-60-90 PLAN

New or Non-Capping Agent

90-Day Goals

- Attend BOLD
- Time block for lead generation daily
- 100% attendance to CGI Calls and CGI huddle
- Commit to memory and communicate buyer and listing scripts to Productivity Coach
- Follow-up calls with each person in the database (quarterly habit)
- Number of leads (this is a standard that you must determine)
- Conversion ratio (this is a standard that you must determine)
